

Week 3 Writing Directions

Roll a Story

The writing lesson this week is a fictional story that you get to write! Use lined paper, a notebook, a composition book, Google Docs, or any paper you have at home to write your story.

Day 1: Grab a dice, roll and circle each section on the “**Roll a Story**” Page. No Dice?? Have someone in your family pick a number between 1 and 6 for you for each section.

Day 2: Fill out the “**Narrative Writing Template**” to plan out your story before you start. Remember, this is just an outline, you can and should add lots of detail and extras into your story.

Day 3: Read through the “**Narrative Writing Checklist**” to see what you’ll want to make sure your story includes. Then, write or type your story using the “**Narrative Writing Template**” to help.

Day 4: Using the “**Narrative Writing Checklist**”, proofread and correct your story from yesterday.

Day 5: Take a picture of your finished story and send it to your teacher in an *email* or on *Class Dojo*. Share it in *Google Docs* with you teacher if you’d like. If you aren’t using technology, *hold onto your story with your Week 3 Packet work for now.*
